DEPARTMENT E
CANNED FOODS

Rules for Canned Foods: Fair is not responsible for entries. Fair reserves the right to open any jar. Since each vegetable & fruit is different, it is difficult to set up a standard, but this general standard may help:

General Judging Guidelines

Headspace - Headspace must correspond to recommendations from any of the following references: *Ball Blue Book Guide to Home Canning, Freezing and Dehydration*, *USDA Complete Guide to Home Canning, So Easy to Preserve* or the official NCHFP website(https://nchfp.uga.edu/how/can).

Air Bubbles - Air bubbles should be kept to a minimum. Gas bubbles denote spoilage and are identified by movement to the surface of the product while the jar is stationary. Any entry exhibiting spoilage of any type must be disqualified.

Product Appearance Requirements - Pieces should be uniform in size and packed snugly but allow for circulation of liquids. Products should be free from defects or blemishes, strings, stems, seeds, pits and peels. Some recipes may require stems, pits and/or peels to remain; this is acceptable if the recipe is in keeping with approved guidelines. Liquids should cover the product, in keeping within the headspace guidelines. Liquids should be clear and free from cloudiness and small particles. Product should retain its natural characteristic color or as nearly that of standard cooked product. It should be free from undue color loss. Texture should be tender but not overcooked. Product should maintain its shape and size appropriate for recipe and preparation method.

Bands - Bands should be in place for transporting home canned products. However, bands may be removed when presented for judging.

Processing Method and Time - All entries must be heat-processed following canning guidelines from one of the references listed above. If product was not processed according to approved recommendations, it must be disqualified.

Labeling - Entries must be labeled with the product name, date of preparation, processing method and processing time. Home canned foods to be judged must have been prepared within a one-year period prior to judging date.
